

Fellow HOG Family,

I hope you are all having a great week so far. I know it's Monday, but it only gets better from here as we get closer to the weekend. The weather is going to be kind of ugly the next few days, but supposed to be nice after that, so get out and enjoy the last few warm weeks of the year. Once winter comes we will all be wanting to ride more, so lets put some miles on the bikes while we can.

Daniel Veliz wanted me to send out a note to the chapter thanking you for support during the loss of his father:

"Steve,

Thank them for the flowers, plants and most of all their support during this tough time. My dad had the opportunity to meet most and I'm sure he would be grateful for the respect that was shown to him as we lead him to his final resting spot.

Thanks to all
Daniel Veliz"

Next week's CalienteGram will contain information for October and all events for that month. I hope everyone is having a great September. Get ready for some super riding weather.
