

Good evening all,

Hope everyone had a wonderful week! With the appreciation dinner cancelled we only had one HOG event and that was today's LOH dinner ride to the Maverick Grill in Floresville TX.

We had 13 members on the ride and 8 bikes. Ana lead so we got there in record time. No back roads for us today. We were too hungry for the scenic route. In the end, everyone was stuffed except for Smiley and Leslie. They actually had room for a hot fudge brownie topped with vanilla ice cream and chocolate and caramel swirl toppings. With everyone else at the table looking at it with our fork in hand they finally felt sorry for us and passed it around. That's "familia" for you!

Speaking of Smiley, he and Dee did their observation ride Saturday morning. It was not a chapter event but those who wanted to join and observe were welcome. After Carlos went on the ride to support them out of the kindness of his heart, they turned around and punked him at the first gas station stop. They all decided to ride their bikes behind the building while Carlos was in the bathroom. Of course, when he came out seeing his bike the only out there, he had flashbacks and could not believe it was happening to him all over again! If you've never been a victim of the "we leave you behind" group, beware, your day will come!

This week's events are:

Thursday - 9/22 - Bike Night; The Rockwell Grill & Bar, 6555 Bandera Rd; 7:00pm -

*Byron - don't let the name fool you. Don't bring your bike!*

*Actually it was suggested that we change the name to "NO Bike Night".*

Saturday - 9/24 - Member's choice ride; Salt Lick in Driftwood Texas; ksu 9:00am; this is a CASH ONLY restaurant

Okay guys, that's it for tonight; nice and short. Everyone have a great week!

Color me outie!

Hot Lips
