Good evening all,

Wonderful weather this weekend for riding and 11 people did just that! Nine bikes went on the LBJ ride yesterday. Carlos and I could not make it due to some construction at the house but our on the spot reporter, Frank, has this to say:

We had a nice ride up. The weather was awesome. Cool temps in the morning and no too hot in the afternoon. We toured the Living Ranch exhibit and it was very interesting to see how they lived back then. They were actually making real food products that they (all the ranch workers) actually eat. There were lots of cool antique things to see. After the living ranch we rode around the ranch where we got to see the schoolhouse, cemetery, runway and the Air Force Plane that flew him around. We took a picture with all the bikes and folks parked in front of the plane. Lunch at Chrome Cactus was good as always and of course if you are on a bike there free cookie is delicious.
