

Obstacle Course Ride Rule

Rumor has it cows enjoy watching Harley's weave on the road so they like to leave presents.

What we did last week:

Another great day for a ride Saturday as 12 bikes and 12 riders road the Willow City Loop around Fredericksburg TX. A mostly uneventful ride which could have become eventful if anyone rode through the "presents" the cows left. I also hear one of the group was interested in hood ornaments. I'm glad he lost interest quickly. (wink) Another good ride with good food and people.

Congratulations to Glen who is now finished with his Road Captain training. All that remains is his evaluation ride which we're looking forward to.
