As you can see, the last shift needs more volunteers. It's not too late to email our activates officers and volunteer.

Don't forget, every hour you volunteer is an extra activity point.

What we did last week:

Saturday's movie night was a smashing success. Nine members met at the Drafthouse to watch Avengers in 3D. It was so exciting and realistic that Carlos was literally on the edge of his seat.

We had a very nice slow ride on Sunday to the Alamo Springs Cafe north of Comfort. We left Caliente with 13 bikes and 17 riders. It was an uneventful ride at or below the posted speed limits. I know poor Soul Sucker's revved up 103 complained but every so often you have to mosey and look around. We arrived at the restaurant and took a little test to see just how much everyone did look around. Lynda "Fetchem" had the most right answers and won herself a free lunch. After lunch, on our shortcut road to 1376, we even had an after lunch show of running deer falling butt over tea kettle down a ditch after splitting our formation. We stopped at the winery in Sisterdale to get something to calm our nerves. No, we didn't drink it there.

Also on Sunday was the garage party for the ladies at Caliente. I wonder how many of the ladies are thinking about their own bike now?
