

**Blessed Excrement It's Hot..**

The heat is starting to wear on me, and apparently on batteries too.

**What we did last week:**

Frank "Soul Sucker" led 8 souls on 6 bikes to a breakfast at Magnolia's before bringing those souls to biker church at the Deer Crossing Saloon in Selma. All souls made it there and back intact. However, before leaving, some of the guys got a workout on a very special, "Push the Deluxe" contest. I don't know who won but Ana "Fireball" does. Ask her when you see her next.

and of course...

**Texas State HOG Rally 2013 - May 16th - 18<sup>th</sup>**

**Other news:**

This Saturday is the deadline for newsletter articles. Hint hint.

The heat is taking a toll on our bikes. TCLOCKS is more important than ever! Double check that tire pressure and oil levels and, if you've been avoiding the heat, put your bike's battery on a trickle charger to keep it topped during your long wait for cooler days.

Gary “Kick It” bought some items to help him stay cool. They work. Ask him about it when you next meet. Neat items aside, are you drinking enough water during these hot days?
