

## Progressive Dinner Ride Themes?

I didn't know there were themes for the progressive dinner ride. Did you?

### What we did last week:

Thursdays social was your opportunity to renew your membership for 2013. There will be other opportunities but if you happen to find yourself in the dealership, just grab a form and leave it with them.

Saturday's progressive dinner ride had themes. It began with 12 bikes to the first location where the theme was trains. The next stop was little villages. I've been told the last stop's theme was the house that the holiday's forgot. More than one person mentioned there were more decorations on the bike than the home it belonged too. A grand time was had but a lot of you abandoned your bikes for cars so you could party just a little harder. Good for you.

Sunday was a nice quiet ride to Clear Springs with 5 bikes and 7 riders. The food is always great there.

We welcomed 3 new members to our little group and took them on an orientation ride. We're using the demo days loop now. Shorter than the Medina loop but filled with just as much fun. We had split formations, debris in the road, lane changes, highway and city roads and even witnessed an almost head on collision by a moron at a stop light. Good times! Now that we got that out of the way, all their rides will be tame in comparison.
