

The First Calientegram of 2013

A nice chapter social with delicious chili to boot. Lots to tell you about for 2013. Read on...

What we did last week:

Alas the cold and rain cancelled our plans for Javalina's Blessing of the Bikes ride. Kudos to the brave souls who went out there anyway.

We had another great chapter social with a lot, a LOT, of prizes given out this time. Thanks to all those who volunteered to serve chili and hotdogs for our social that followed.

Still planning out rides for 2013. Where would YOU like to go? Please reply with your ideas/requests or

send them directly to our [Head Road Captain](#)

It's cold. You're probably not riding as much as you'd like. Are you maintaining your battery's charge? Consider putting it on a trickle charger if you find yourself not riding for a while. Also, if you do ride early in the morning when the temperature is close to 32F, be very careful of overpasses and bridges. The ground may be warm enough to keep any moisture liquid but without the heat from the ground, those overpasses/bridges will freeze.

**Respectfully,
Your Squirrel**
