

## Coldest Ride of Year?

### What we did last week:

We had our social and signed up and greeted several new members on Thursday. The jumbalia was delicious by the way. Frank also lead 6 bikes and 8 meatsicles out the the Roadhouse in Bastrop followed by a ride through the park... in 31 degree weather. I suspect this may be earn the coldest ride of the year patch.

How many of you would be interested in doing some parking lot cone training with the road captains some sunny Saturday or Sunday?
