We had a ton of folks at this year's Holiday party. Lots of prizes were won. Lots of games were played. Lots of tamales were eaten and washed down with... jello shots? In other news:

If you're reading this from the website because you haven't been getting them in e-mail, I think I know why. I send out these messages from myself, to myself, and blind copy everyone on my list. It protects

everyone's email from public view but there's a down side; you're email program may see all those blind copies as spam message. Just in case, please add "calientehog.com" to your safe domain filters.

If you rely on the text alert to know the status of rides, that option is no longer available to our chapter. Please check our Facebook page or your email for updates on rides.
