

Happy Mother's Day

What we did last week:

A huge thank you goes out to our volunteers for Saturday's fund raiser. Seriously, I forgot to put it on the Calientegram so extra praise indeed for helping and to our Franks and those that helped with the LOH ride. Sunday's Mother's Day Ride was flawlessly executed with 14 bikes with a tour of the city I'd never seen before. Good Job Pedro and Ed for putting that together.

What's coming up this week:

In other news:

From the desk (or deck) of our Safety Officer:

Riding when the temperature is well in excess of 90 degrees can be dangerous to your health. Unless you take care to keep your body temperature under control even rides as short as an hour can result in sun stroke. Stay hydrated, you sweat, evaporation cools. Evaporation is everything!

Have fun at the rally.

**Respectfully,
Your Squirrel**
