

Caliente Gram - 16 November 2014

THIS WEEKEND.....

November 16 - Richter's Antler Cafe

Lunch ride to Antler's Café, 7 bikes, 2 trikes, 9 riders, 3 passengers, and 3 warm & dry Ladies in a cage. David did a great job of LRC with Gonzo as Rover and Pedro as Sweep. Very safely coordinated ride on very wet, slick and cold conditions. Today was a great example of Ride changes through the ride due to safety reasons. Very smart to bring the group straight back to Caliente after lunch. We made it such a positive day with great friends, lots of laughter and awesome food.
