

Caliente Gram - 23 November 2014

Mother Nature had other plans for us the week. That is okay as we REALLY needed the rain. We were all braced for severe weather and luckily it was not as bad as predicted - thank goodness. Now that the sun is coming out, get out there and ride. The weather "predicted" is going to be perfect.

UPCOMING RIDES

Nothing on the docket for this next week as we all celebrate with family and friends those things that we are most thankful for. I am thankful that I have a loving, understanding husband that takes me on long bike rides so we can clear our head, feel the wind and sun on our face, and unwind together. What are you thankful for this year?

On the 2014 Calendar

December 1 - Officers Meeting (**Member Event**) - this is a change since I can't read a calendar properly...

December 4 - Chapter Social at Fuddruckers (**Closed Event**) - I heard the Book Of Deeds is bulging with tidbits

December 6 - Road Captain Meeting 0830 (**Member Event**)

December 6 - New H.O.G Member Orientation 0930 (**Open Event**)

December 13 - Caliente HOG Chapter Christmas Party (**Closed Event**)

December 14 - Alamo Springs Cafe Ride. (**Closed Event**)

December 27 - Enchanted Rock Ride (**Closed Event**)

On the 2015 Calendar

Stay tuned for 2015 Calendar Of Events

Christmas Party.

The annual Christmas Party is quickly approaching. Tickets are currently available for purchase, You can contact Lynda at Activities@Calientehog.com if you would like to purchase tickets. The absolute last day to do so will be the next Chapter Social on December 4th at Fuddruckers. Tickets are \$20 per chapter member.

Also, they are still looking for people to help plan the party. Contact Lynda if available to do so.

From the Safety Officer

When you see a sign on the road that says "DIP AHEAD", it is not describing the driver of the car in front of you, even though it may fit. The DIP that it is describing, however, there is no way of knowing how far ahead it is. Be ready for it anytime you see the sign, in fact, be ready for it at any time. A good clue is watching the "DIP" in the vehicle in front of you.

Keep the paint up, and the rubber down! ~Author Unknown

See you on the road!!
Madam Secretary
