ODDS and ENDS

Pre ride completed today. Left the Dealership at 0800 hrs and returned to the Dealership at 1630 hrs. This included breakfast in Bandera and lunch at the Bent Rim in Leakey. Total trip was 280 miles and 8 1/2 hours travel time. Jack P.

For the ride on Saturday, we had 7 bikes and 2 trikes brave the roads of SE Texas. 11 folks total made the journey. The weather was excellent and the ride was smooth and just plain relaxing. What a great way to cap off the week. We made it to the fort in Goliad and had cool time exploring the old Mission and reading up on Texas history. There was also a historical enactment by some folks dressed up as old time soldiers. They had old style rifles, machine guns and small nuclear weapons. Ok, perhaps no nukes. They fired blanks with their weapons, allowed folks to handle them and it really added to the day. They also had a quasi-functional 1904 H-D replica motorcycle. I say quasi-functional as it "was" running but had just recently seen the motor seize. They just didn't have time to tear it down and fix it prior to the event but brought it out anyway. From there, we had a great lunch in the town square of Goliad. The ride back was just as enjoyable and we made it back by mid afternoon. Just in time to get cleaned up, get a cool beverage and watch play off Hockey as I am sure that is what most of you were doing Saturday evening...
