ODDS AND ENDS

A few notes from our Director that he sent during the week - please send him an email at director@calientehog.com if you are interested in either ride.

Johnny, our Parts Manager who goes to the mat for us there at Caliente would like to do something special for his daughter who turns 11 on Friday. He lives not too far from Caliente so this will be short and sweet. I would like to meet at Caliente by 6:15 Friday evening with a KSU of 6:30. Johnny will lead us by his place where we will show some love to his family. From there, you can scoot home and rest up for the Chapter meeting on Saturday! This will be one of those tight deals but traffic should be dying down by 6 but if you can attend, give yourself a few extra minutes just in case. Like I have done before, I ask that you shoot me a note if you feel you can attend so I can get a feel for numbers. Kind of nice to take care of one of our own so I thank you in advance.

Another chance to excel... We as a Chapter are in demand!!!!

One of our Chapter Members has a great friend who has a daughter that is graduating High School. Between our Chapter Member and this mom, they wanted to do something special for this young lady. Hooah, that is right up our alley! I would like to support this endeavor. When we did our last "Drive-By" we had an outstanding response so I would like to do this again. Here are the details:

Meet at Caliente at 4:30 on Sunday, 7 June. KSU 4:45. From Caliente, we will scoot to Highland Hills Elementary School which is about 25 miles away on the South East side. Here, we will meet up with the Mom and her group and depart the school between 5:15-5:30. From the school, it is about a 5 minute drive to the house. Pretty simple.

I will look to take the "long way" back towards Caliente for anyone who wants to ride a tad more.

Like last time, I would like to get a "show of hands" on who would like to join us on this ride. Shoot me a note. I will also put this out at our Chapter Meeting on the 6th so potentially, this could be one of our bigger rides. I explained to the mom that this was not a previously scheduled event and thus I am held hostage as to the responses I will get from this email. As in most of our rides, rain would be a show stopper and the mom understands that as a limiting factor.

Lastly, I don't think we will be doing too many more of these as we will be back on track as a Chapter doing normal rides and normal activities. So lets make this one, an event to talk about. I will get back to the mom about mid week IRT what responses I get.
