## ODDS AND ENDS:

At our last meeting, I mentioned that we will be taking orders for Name Tags. I need a minimum of 12 and the cost is \$10 each. You can put your real name and road name, first name only, first and last, whatever you choose. Just send me a note at [secretary@calientehog.com](mailto:secretary@calientehog.com) Please include the following: Name (your real one), Phone #, and name on your name tag. Thanks Diane

We in this H.O.G. Chapter have been blessed by having some really incredible folks who have stepped up to the plate to perform functions and tasks that keep our Chapter running smoothly. One of these major muscle movements is in the position of Webmaster. Dale Figart is a Charter Member of this Chapter who has performed this function for years now. He was also an avid rider and was an extremely competent Road Captain that all riders trusted and felt secure with his friendship and leadership.

Our website always ran smoothly and we routinely got kudos on how it looked and performed. In the age of digits, having an efficient means to store and share information is key and Dale made this happen.

So where am I going with this? Well, as life moves on, so do priorities and Dale is going to move into other directions as he and his family chart their next adventure. Caliente H.O.G. will need someone who has at least some website experience and who is willing to perform this key function for the Chapter. Being the professional that he is, Dale will not leave us hanging with one of those "I'm gone, here you go" type of deals. Dale will sit down and make his replacement(s) fully comfortable with all of the nooks and crannies of how our website works. I need a volunteer or two who would like a challenge and is willing to put forth a good faith effort

to perform and grow in this key position, hopefully for a number of years to come.

We have a lot of extremely awesome and competent folks coming from all walks of life within this Chapter and I am looking at one of you to step up to the plate to support this effort. What is key about running a website is sustainment by performing select maintenance and installation of updates as they are issued. No one is reinventing the wheel here and in this case, change is not necessarily a good thing as our website is solid. I am not looking for someone with a PhD in Kumphewtor science but someone with hopefully some experience in running and sustaining a website and would be willing to take this on.

I would ask that folks contact me as I would not mind even having two or three folks who are willing to collaboratively work together as a team. Strength in numbers is a good thing.

Dale, on behalf of the Chapter, thank you for all your hard work and dedication to this Chapter. Your friendship and presence has always been appreciated. Best wishes and great success as you move on with other challenges and endeavors.

For those who want a challenge and would like to become our Webmaster, please contact me at [Director@calientehog.com](mailto:Director@calientehog.com) .  
Regards, F2, Frank Knapp, Director, CCSA
