### **Odds and Ends**

**LOH Event** - What a great evening! Nine ladies came out to enjoy a gorgeous afternoon making wind chimes. After a taste of the small food spread and drink, the men got to work on drilling holes on the wood, while the ladies strung up shells and beads. The breeze was refreshing, the music was relaxing, and the company was enjoyable. Thanks to the LOH who wanted to come out but didn’t make it. We look forward to seeing more HOGs at our next gathering. View photos of the event at the LOH webpage.

**Today's Ride** - Little chilly this morning but fourteen riders mounted six bikes and seven trikes departed the Dealership after Towne covered the safety briefing. Destination was the "painted Church" in Panna Maria, Tx. This church is the oldest Polish Parish in the USA and still looks in the same condition as the day the doors opened. Just down the road in Chestohowa, Tx. is another Catholic Church another place of worship build in 1873. Just goes to show you if you take care of your stuff, it will last a long time. Both churches are beautiful and well worth the ride by vehicle or motorcycle to experience of Texas history. Our pit stop prior to the churches was Olivia's Restaurant in Floresville for breakfast/lunch and to shed some layers of clothing. It gets hot in Texas real fast!. By the size of the plates being served, I do not think anyone left hungry. Good food, service and even with the church crowd, we were in and out with no waiting. In six hours we covered 162 miles, had a meal and completed our tours. Even with some tap outs, I am sure everyone arrived safely and is looking forward to the next ride/event. Excellent ride Towne and may you continue to lead safely and interesting rides. Jack P
