### **Odds and Ends**

Today's Ride - Go Cowboys!!!! Oh wait...they aren't playing. Maybe that is why we 16 people take the ride this morning from Caliente to Sammie's in Castroville, with 1 car following a bunch that met us there. Thank you, Frank, for leading the ride and avoiding the construction on Highway 90. The 151, to 16, to 211 to 471 was a nice change of scenario. With Tony and I on Rover and Sweep duties, the large group made without any unnecessary stopping to regroup, even with all the lights and traffic on Bandera (16). Sammie's never disappoints and today was no different. Great food, Great service and awesome conversation and company. Took us about

an hour to get there, and hour to eat, and everyone headed back home to watch the Chiefs lose.....or win (if you want that..lol).

We are really enjoying the huge turnouts to these rides and want to continue that trend. Please remember to let us know where you want go and we make sure you have a LRC and a SRC to get you there. Im sure if you want to, there are other that would love to as well. Brad

Thursday Night - We had an amazing ride out to Shifters, in Pleasanton, TX to provide some Harley memorabilia to the restaurant owners and have a wonderful meal together. We had a group of 6 riders with Frank taking LRC and myself as SRC and four cars (cages) following the group. The ride had a few delays based on the wonderful construction on Highway 90, but everyone made it through without any bumps or bruises. We arrived around 7pm and had an awesome time dropping of the items, getting to know each other even more, and finally taking pictures with the staff and all the items we brought. As we were checking out, the owners decided to comp everyone's meals, as a sign of thanks for what we brought. In true fashion, we made sure to leave hefty tips to show our appreciation for the exception service and delicious food. Can't wait to go back and see how they have decorated with the new items.

A special thanks to everyone that donated some Harley items and a special shout out to Tony for taking his truck so that we could transport them successfully. This type of teamwork and cohesion, is why we are the best chapter of all chapters. Ok, maybe I am little bias, but whatever. Caliente for President!!!!
